Hammad Ejaz, 2021-CS-102

Department of Computer Science

University of Engineering and Technology, Lahore

Pakistan

Introduction

You are part of a panel tasked with conducting interviews for the directorship of the Google Developer Student Club (GDSC) at your university. The GDSC, UET Lahore is a prestigious student organization sponsored by Google that focuses on empowering students with knowledge and skills in various technology domains. As you conduct the interviews, your goal is to select a candidate who demonstrates not only technical expertise but also leadership, teamwork, and a passion for promoting technology education.

Interview Panel

1. **The Panel Chair**: Responsible for moderating the interview, asking questions, and managing the interview process.
2. **Guest Interviewers**: Represents the university's faculty and provides input on academic aspects.
3. **Current GDSC Lead**: Offers insights into the club's current activities and expectations for the new director.
4. **Team Leads**:
    - Anam Shahzad – Outreach Team
    - Wali Ahmad – Social Media Team
    - Zoya Naveed – Creative Team
    - Syed Abdul Rehman – Technical Team
    - Hammad Ejaz – Development Team
    - Syed Noor – Management Team

Evaluation Criteria

1. **Name**: This refers to the candidate's name for identification.
2. **Your LinkedIn Account**: The candidate's LinkedIn profile can provide insights into their professional network, past experiences, and endorsements. It's a valuable resource for evaluating their background.
3. **First Preference**: This indicates the candidate's preferred first role or responsibility within the GDSC, UET Lahore if selected as Director.
4. **Second Preference**: This indicates the candidate's preferred second role or responsibility within the GDSC, UET Lahore if they don't get their first preference.
5. **GDSC Familiarity**: Assess how well the candidate is familiar with the Google Developer Student Club, its objectives, and activities.

6. **Domain Knowledge**: Evaluate the candidate's knowledge and expertise in the relevant technology domain(s) pertinent to the GDSC's focus.
7. **Past Experience**: Consider the candidate's previous leadership roles, technical projects, or involvement in similar student organizations or clubs.
8. **Motivation/Dedication/Seriousness**: Assess the candidate's level of motivation and dedication towards the role of GDSC Director. Look for signs of their seriousness and commitment.
9. **Soft Skills**: Evaluate the candidate's soft skills, which may include communication, teamwork, problem-solving, and leadership abilities.
10. **Network/Industry Links**: Examine the candidate's existing network and connections within the tech industry. These connections can be beneficial for club activities and partnerships.
11. **Plans**: Analyze the candidate's vision and plans for the GDSC, including specific goals, initiatives, and strategies they intend to implement if selected.
12. **Scenario-Based Problem**: Pose a hypothetical scenario or problem related to the GDSC's activities and evaluate how the candidate approaches and solves it.
13. **Remarks**: Provide any additional comments or observations regarding the candidate's performance and suitability for the role.
